

The MozyPro logo is displayed in a white rounded rectangle on a green background. The word 'mozy' is in a dark grey font and 'pro' is in a light green font.

## Secure Online Backup for Businesses

## MozyPro Online Backup

Affordable, easy-to-use backup for multi-user and server environments

### Why should your business be using MozyPro?

As digital data continues to grow, your business needs a simple and affordable way to make sure that data is backed up and easily accessible. That's why Mozy created MozyPro, a backup solution for businesses with the tools needed to successfully back up and protect critical company data.

### Powerful administrative capabilities

Unlike MozyHome, MozyPro allows you to fully administer multi-user and server environments via a web-based Admin Console, where you can:

- Create sub-admins and user groups to organize your company's backup
- View individual or aggregate backup history and stats
- Configure settings and policies for end users
- Purchase, assign and deploy licenses and gigabytes
- Restore user's files and folders

### Local backup with Mozy 2xProtect™

Mozy 2xProtect automatically backs up files locally to an external drive in addition to a Mozy data center for double protection of your critical business information. With local backup, you'll be able to back up large amounts of data quickly, usually within minutes, ensuring your files are backed up locally while they transfer to our servers.

### Unmatched support

As a MozyPro customer, MozyPro support technicians are available 24/7/365 via phone and chat, and you'll have access to the following through the Support Portal:

- Community
- Knowledge Base (KB)
- Tutorials
- Live Chat
- My Cases

### Compatibility

MozyPro also has the ability to back up files and folders over network drives. MozyPro supports Windows 7, 2008, Vista, XP, 2003, & 2000 (including servers) and Mac OS X 10.6, 10.5, & 10.4 (including servers). This protects your critical Exchange, SQL, and file servers. MozyPro also has the ability to back up files and folders over network drives.

### Affordability

MozyPro is only \$0.50 per GB plus \$3.95 per desktop license or \$6.95 per server license. With no setup fees, hardware to buy and little management required, MozyPro gives you enterprise-quality data protection at a cost far less than other solutions.

### What are you waiting for?

More than 50,000 businesses worldwide from virtually every industry trust MozyPro for their backup needs. Visit [www.mozy.com/pro](http://www.mozy.com/pro) or contact one of our knowledgeable representatives at **877.669.9776** and start protecting your critical business data today!
